

## Platform Architect

Regulatory Data Corporation ( RDC), has the world's most comprehensive risk relevant information database, GRID, and is rapidly becoming the trusted leader in risk diligence. We have an immediate opening in Wilmington, Delaware for a Platform Architect.

### **Job Description:**

The ideal candidate is an experienced delivery-oriented software architect with a rich set of experiences in agile software development and comfortable in aspects of delivering high quality solutions quickly. This individual will be expected to write significant amounts of code while managing the prioritization of business requirements, application performance, code reuse, testing, and the proper development and use of application frameworks.

### **Qualifications:**

- 5 - 7 years of experience.
- Broad range experiences and understanding of web/internet technologies.
- Comfortable in a Messaging-based Service Oriented Architecture.
- Strong experience integrating complex 3rd party products into existing architectures.
- Strong experience with external client system integration - both batch file and web service integrations.
- Strong experience with Web 2.0 concepts and implementations including the use of toolkits such as Prototype, YUI, and JQuery.
- Strong experience with relational databases and database technologies.
- Good understanding of public API versioning concepts and compatibility concerns with external client integration.
- Pragmatic approach to developing and maintaining application frameworks.
- Expert-level understanding and experience with Maven and Continuum Build System.

### **Technologies:**

- Build Technologies: Maven, Continuum, Nexus
- Server-side Technologies: Java/J2EE, JMS, JAXB, Servlets/JSP, Spring, Struts 2, iBatis, ActiveMQ, iText, Lucene, XML/XSLT, XML Schema
- Client-side Technologies: Javascript, Ajax/JSON, Prototype, YUI, HTML
- Application Servers: Jetty, Tomcat
- Database: SQL Server 2005

This is a full time salaried position with a competitive salary. At RDC we offer a comprehensive, full-time benefits package that offers medical/dental/vision, life insurance, short/long-term disability, pension, 401(k), flexible spending accounts and more.

Interested candidates should submit your resume to [cbeynon@rdc.com](mailto:cbeynon@rdc.com) or fax to 302-777-5590 or mail to 1007 N. Orange St, 4<sup>th</sup> floor, Wilmington, DE 10801
